# LEO FLORES Webb County Auditor

1110 Washington St. Suite # 201 Laredo, Tx. 78040 956-523-4016 (fax) 956-523-5001 lflores@webbcounty.com

March 1, 2004

Hon. County Judge and Commissioners Hon. Auditors Board of District Judges

Texas Local Government Code, 114.025, requires that the County Auditor publish within six months of the close of each fiscal year, a complete set of financial statements presented in conformity with Generally Accepted Accounting Principles (GAAP) and audited in accordance with Generally Accepted Auditing Standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the Comprehensive Annual Financial Report (CAFR) of the County of Webb for the fiscal year ended September 30, 2003.

This report consists of management's representations concerning the finances of the County. Therefore, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, County management has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the County's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the County's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatements. As management, we assert, to the best of our knowledge and belief, that this financial report is complete and reliable in all material respects.

The firm of Mejia & Company, P.L.L.C., an independent certified public accounting firm has audited the County's financial statements. The goal of the independent audit was to provide reasonable assurance that the financial statements of the County for the fiscal year ended September 30, 2003, are free of material misstatements. The independent audit involved examining on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the County's financial statements for the fiscal year ended September 30, 2003, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

Additionally, the independent audit of the basic financial statements of the County was part of a broader federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair representation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in the County's separately issued Single Audit report.

GAAP requires management to provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. MD&A can be found immediately following the independent auditor's report.

#### REPORT STRUCTURE

<u>The Introduction Section</u> holds the Auditor's Letter of Transmittal, graphs displaying different economic trends, the Certificate of Achievement for Excellence in Financial Reporting, the County's organizational chart, and a list of county officials described by name and position.

<u>The Financial Section</u> has the independent auditor's report, MD&A, Basic Financial Statements, Required Supplementary Information, Combining Statements and Supplementary Information.

<u>The Statistical Section</u> includes a ten year history of the County's financial activities, tax rates direct and overlapping, economic data, demographic data, and other related information.

The Compliance Section contains the independent auditor's report on the County's internal control structure and compliance with specific requirements applicable to federal financial assistance programs in accordance with Government Auditing Standards and OMB Circular A-133 and UGCMS. This section also includes a schedule of Federal Financial Assistance and a schedule of Federal Findings and Questioned Costs.

# **COUNTY GOVERNMENT OVERVIEW**

The County of Webb was created in 1848 as a political subdivision of the State of Texas. It is located in the southwest part of the state along the Rio Grande River bordering Mexico. It occupies 3,366 square miles of land area, making it the 5<sup>th</sup> largest county in the State. The County operates under judicial and administrative powers explicitly afforded counties by the State Constitution and by State Statutes. It is governed by a County Judge and four (4) County Commissioners.

The Child Welfare Unit and the Community Action Agency (CAA) are County components that operate with advisory boards. Operational authority, however, remains with Commissioner's Court. Both units are included in the Special Revenue Funds section. The Child Welfare Unit is funded by the state and provides child protective services. CAA is funded by Federal and State Grants and by County contributions and provides health and welfare services for the needy.

#### **MAJOR INITIATIVES**

The Economic Development Department actively pursues capital and funding sources by way of federal and state grants and by inter-local agreements with other governmental entities. Focus is primarily on quality of life issues for communities in rural areas that are under-developed settlements with no access to utilities or potable water. The Economic Development Department acquires grants tailored to strengthen areas of law enforcement, child development programs, and to support affordable housing programs.

#### **ACCOUNTING SYSTEM**

Webb County uses a modified accrual basis of accounting to account for all governmental fund types. Revenues are recorded when they become available and are measured in exact amounts. Liabilities are incurred through the use of a purchase order system and recorded in the general ledger as encumbrances when a purchase order is issued. Encumbrances are later recorded as expenditures when payment is disbursed. Encumbrances outstanding at the end of a year are carried forward to the next fiscal year. Accounts of the county are organized on the basis of funds and account groups. Each is considered a separate accounting entity (fund) and reported with a set of revenues and expenditures. Resources generated from governmental entities are allocated to and accounted for in individual funds according to the fund purpose.

Governmental Accounting Standards Board (GASB) issued Statement No. 34 which establishes a new financial reporting model for state and local governments. The new model requires that, at a minimum, the basic financial statements of a government will include: (1) MD&A as a component of required supplementary information; (2) both government-wide financial statements and fund financial statements; (3) notes to the financial statements; and (4) supplementary information other than MD&A. The CAFR will still need to include appropriate combining and individual fund statements and schedules as part of the financial section, as well as separate introductory and statistical sections.

The implementation of GASB Statement No. 34 was mandated for Webb County as phase 2 which includes governments with total annual revenues of \$10 million or more but less than \$100 million for periods beginning after June 15, 2002. GASB Statement No. 34 also set the retroactive reporting of major networks and subsystems of general infrastructure assets in phase 2 for years beginning after June 15, 2006. Finally, a component unit must implement GASB Statement 34 no later than its primary government, regardless of the amount of the component unit's own total revenues. Webb County was not required to implement GASB 34 until September 30, 2003, but the reporting requirements were part of the County's financials for the fiscal year ended September 30, 2002.

#### **CASH MANAGEMENT**

County funds are placed on deposit at the officially designated County depository. The County Treasurer has statutory custody, accountability, and investment authority, pursuant to investment policies, of all monies received by the county.

#### **DEBT ADMINISTRATION**

The County's property tax rate for the calendar year ending December 31, 2003 was \$.457923 per \$100 of assessed valuation. The debt service portion of the tax rate is \$.088815 and is used to service principal and interest payments on certificates of obligation, general obligation bonds, and equipment lease/purchase obligations.

Debt payments for FY 2002-2003 totaled \$6,509,729. Principal payments on bonds and certificates of obligation were \$3,071,267; interest and other charges totaled \$2,754,332; lease payments on equipment notes totaled \$557,092; and \$127,038 was paid on the LoanSTAR energy savings note.

# **BUDGETARY CONTROLS**

As the official budget officer, the County Judge submits a budget to Commissioners Court in a manner prescribed by state statute. The court can adopt the budget as submitted or propose changes that will require a majority vote of the court to get adopted. The county's fiscal year begins October 1<sup>st</sup> and ends September 30<sup>th</sup>, but a different fiscal year period for a department may be prescribed by its funding source. Oversight authority and responsibility for county funds rests with Commissioners Court. Fiscal activity is recorded on one mainframe computer that county departments utilize to prepare monthly reports required by state law. The County Auditor has access to the budgetary accounting program and monitors budget line item balances before allowing disbursements. The County Auditor submits monthly reports of departmental revenues and expenditures to the Auditor's Board of District Judges and to Commissioners Court during regularly scheduled meetings.

#### **INTERNAL CONTROLS**

Internal controls are the single most important element in the accounting system to provide reasonable assurance that assets are safeguarded against loss from unauthorized use or disposition and that financial records are reliable for preparing financial statements and maintaining accountability of assets. The concept of reasonable assurance recognizes that the cost of internal controls is no greater than the benefit to be derived and that the amount of such costs versus the benefits is based on estimates and decisions made by management. The County's internal controls are regularly examined and changes are adopted when necessary to maintain their effectiveness in safeguarding public funds and assets.

#### RISK MANAGEMENT

The Risk Management Department was initiated by Commissioners Court in October 1988. Primary responsibilities include the coordination of employee health and life insurance benefits, workers compensation benefits, administration of IRS section 125 Cafeteria Plan, COBRA plan benefits, and the Property Casualty and Liability Insurance Package. The department has a safety program in place to reduce workers compensation claims and liability exposures. The month of May is recognized as "Health & Safety" month by Commissioners Court. Monthly events include training courses in CPR and first aid, a health fair, video presentations regarding safety in the workplace, and a two-day conference addressing personnel and liability issues.

The risk manager has responsibility to procure the services of insurance professionals to better meet the needs of the County and its employees. Case management is contracted to an outside entity in efforts to contain costs and to encourage employee rehabilitation. Periodic reports on loss control and loss occurrence are provided to Commissioners Court by the risk manager.

#### PROPRIETARY OPERATIONS

Proprietary Fund types are organized to be self-supporting through user charges of outside parties (Enterprise Fund) or through other departments or agencies primarily within the governing unit (Internal Service Funds). The Webb County Water Utility Fund was initiated in August 1993 as an Enterprise Fund. The County purchased the Rio Bravo Water Plant from the original developer for \$272,908 with funds provided by a grant from the Texas Department of Housing and Community Affairs. Special legislation was passed by the State of Texas to statutorily allow the County to operate a water utility system, making it the first County in the state to do so. The Webb County Health Benefits Fund and the Webb County Worker's Compensation Reserve Fund are Internal Service Funds.

### FIDUCIARY OPERATIONS

Trust and Agency Funds used to record assets held by the County in a trustee capacity or as an agent for others are included in the fiduciary grouping. Webb County has two fiduciary Trust Funds and seven Agency Funds which include the District Clerk Fund (Escrow), the County Clerk Fund (Escrow), the Tax Assessor-Collector Fund, the Sheriff Inmate Fund, the District Attorney Hot Check Processing Fund, the District Attorney Pool Forfeiture Fund, and the Cash Bonds Fund.

## THE COMMUNITY AND THE ECONOMY

At the center of the primary trade route connecting Canada, the United States and Mexico, the City of Laredo (county seat) offers markets, business opportunities and profit potential which business and industry cannot find anywhere else. Laredo has an annual average of 320 sunny days, mild winters and high summer daytime temperatures with low humidity. Laredo is the U.S. principal port of entry into Mexico, located at the southern most end of IH 35, 154 miles of San Antonio, 145 miles west of the Gulf Coast and 147 miles north of Monterrey, Mexico.

In the 1900's Laredo's population grew three times faster than the State; it created new jobs at a rate twice as fast as the State; and it outpaced the State in terms of per capita income growth. Since the implementation of NAFTA (1994), trade between the U.S. and Mexico has increased by 200 percent. Laredo's port of entry accounts for a third of U.S.-Mexico overland (truck and rail) merchandise trade. Laredo stands today as one of the fastest growing cities in the country and the largest land port on the United States-Mexico border. New businesses continue to make Laredo their home, capitalizing on the thriving markets on both sides of the border.

At Texas A&M International University, a \$49.5 million building expansion is under construction and will increase campus facilities by sixty percent to meet the demands of the growing student population. A fifth international bridge is close to getting a presidential permit for construction in south Laredo. The Laredo Entertainment Center, home to professional ice hockey, has had tremendous success. Laredo is the seat of a new Catholic Diocese that covers seven counties (11,000 square miles) headquartered at the historic San Agustin Cathedral in downtown Laredo.

## **CERTIFICATE OF ACHIEVEMENT**

Webb County was awarded a "Certificate of Achievement for Excellence in Financial Reporting" by the Government Finance Officers Association of the United States and Canada (GFOA) for its Comprehensive Annual Financial Report for the year ended September 30, 2002. The Certificate of Achievement is a prestigious national award that recognizes conformance with the highest standards for preparation of government financial reports.

To be honored with the Certificate of Achievement award, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report whose contents conform to program standards. The report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. Webb County has received a Certificate of Achievement for the last twelve consecutive years (1991 thru 2002). This year's Comprehensive Annual Financial Report was also prepared to meet with the requirements of the Certificate of Achievement program and will be submitted to GFOA for that consideration.

#### **ACKNOWLEDGEMENTS**

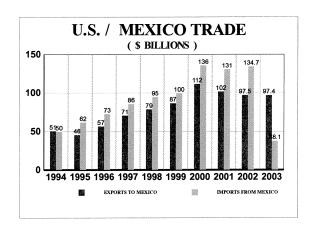

Clearly, preparing a report of this dimension is not an easy task. The successful completion could not have been possible without the hard work, dedication, and long hours willingly given by the entire County Auditor's staff. Personal and special appreciation is extended to each of them and most notably to Chief Deputy Auditor Rafael Perez. Particular appreciation is also extended to all county officials for their cooperation, particularly to the County Judge and Commissioners. In addition, very sincere and grateful appreciation is extended to the Auditor's Board of District Judges for the leadership role they provide and for supporting the goals and mission of the office of the Webb County Auditor.

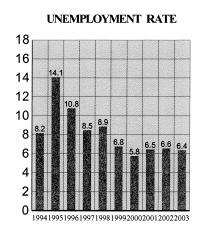

Respectfully submitted,

Leo Flores

#### INDEPENDENT AUDITOR'S REPORT

To the Honorable Judge Louis H. Bruni and the Honorable County Commissioners Webb County, Texas

We have audited the accompanying financial statements of the governmental activities, the business-type activity, each major fund, and the aggregate remaining fund information of Webb County, Texas, as of and for the year ended September 30, 2003, which collectively comprise Webb County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Webb County, Texas' management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; the provisions of the U. S. Office of Management and Budget (OMB) Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations; and the provisions of the State of Texas Uniform Grant and Contract Management Standards (UGCMS). Those standards, OMB Circular A-133 and UGCMS, require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities, the business-type activity, each major fund, and the aggregate remaining fund information of Webb County, Texas, as of September 30, 2003, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards* and *UGCMS*, we have also issued our report dated February 20, 2004 on our consideration of Webb County, Texas' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Webb County, Texas' basic financial statements. The accompanying schedule of expenditures of federal and state awards is presented for purposes of additional analysis as required by OMB Circular A-133 and UGCMS, and is not a required part of the basic financial statements of Webb County, Texas. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects. in relation to the basic financial statements taken as a whole. The introductory section, the combining and individual fund financial statements and schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual fund statements and schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

The Management's Discussion and Analysis and the Required Supplemental Information, as listed in the table of contents, are not a required part of the basic financial statements, but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Mijia & Campany, PLLC

Laredo, Texas

February 20, 2004

# MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of Webb County, Texas we offer readers of the County's financial statements, this narrative overview and analysis of the financial activities of the County for the fiscal year ended September 30, 2003.

#### It is designed to:

- > assist the reader in focusing on significant financial issues
- provide an overview of the County's financial activity
- identify changes in the County's financial position (its ability to address the next and subsequent year challenges)
- > identify any material deviations from the financial plan (the approved budget) and
- > identify individual fund issues or concerns.

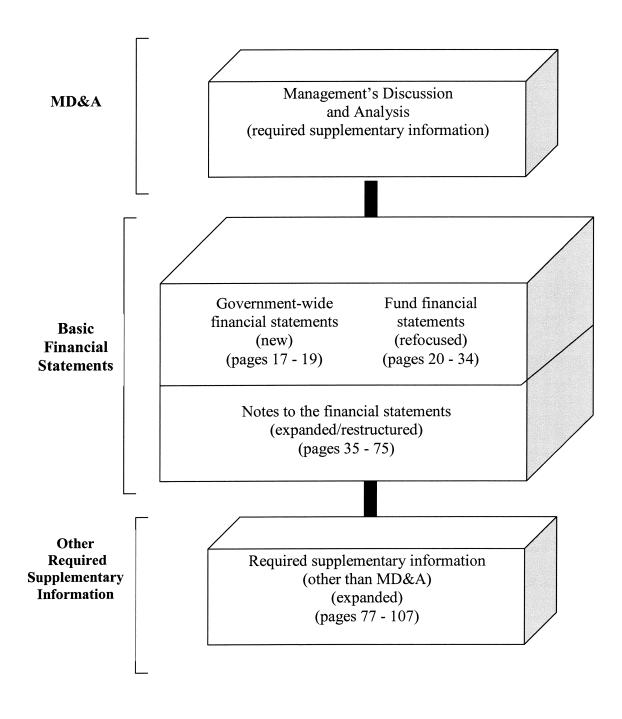

Since the Management's Discussion and Analysis (MD&A) is designed to focus on the current year's activities, resulting changes, and currently known facts, it should be read in conjunction with the Transmittal Letter (beginning on page vii) and the County's financial statements (beginning on page 17).

#### FINANCIAL HIGHLIGHTS

- The assets of the County of Webb exceeded its liabilities at the close of the fiscal year 2003 by \$65,224,028 (total net assets). Of this amount, \$21,203,071 (unrestricted net assets) may be used to meet the government's ongoing obligations to citizens and creditors.
- The County's total net assets increased by \$1,592,440 (2.5%) during 2003.
- The governmental net assets increased by \$1,665,149 (2.6%) and the business-type net assets decreased by \$72,709 (17.4%) during 2003.
- As of the close of the current fiscal year, the County of Webb's governmental funds reported a combined ending fund balance of \$32,638,828
- At the end of the current fiscal year, unreserved fund balance for the general fund was \$7,401,456 (15.4%) of total general fund expenditures.

#### **USING THIS ANNUAL REPORT**

In order to assist the readers in using this annual report, the following graphic is provided for your review.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

The County's basic financial statements comprise three components: 1) Government-wide financial statements, 2) Fund financial statements and 3) Notes to the basic financial statements. Required Supplementary Information is included in addition to the basic financial statements.

The basic financial statements include the Statement of Net Assets and the Statement of Activities, on pages 17 - 19, which provide information about the activities of the County as a whole (government-wide) and present a longer-term view of the County's finances. For governmental activities, fund financial statements provide an overview of how these services were financed in the short-term as well as what remains for future spending. Fund financial statements start on page 20. Fund financial statements also report the County's operations in more detail than the government-wide statements by providing information about the County's most significant funds.

The remaining statements provide financial information about activities for which the County acts solely as a trustee or agent for the benefit of those outside of the government. The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information (including this analysis).

#### **Government-wide Financial Statements**

The *government-wide financial statements* are designed to provide readers with a broad overview of the County of Webb's finances, in a matter similar to private sector business. The statement of net assets presents information on all of the County's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the *financial position* of the County is improving or deteriorating. During 2003, the net assets of the County increased by \$1.6 million.

The Statement of Activities presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows, thus being consisting with accrual basis of accounting, which is similar to the accounting used by most private-sector companies.

The Statement of Net Assets and the Statement of Activities, present information about the two types of County activities:

Governmental activities - All of the County's basic services are considered to be governmental activities, including general government, public safety, justice system, health and human services, infrastructure and environmental services, correction and rehabilitation, and community and economic development. Property taxes, intergovernmental revenue and charges for services finance most of these activities.

➤ **Business-type activities** - Other functions of the County that are intended to recover all or a significant portion of their costs through user fees and charges are considered to be business-type activities. This includes the Webb County Water Utility Fund.

The government-wide financial statements can be found on pages 17 – 19 of this report.

#### **Fund Financial Statements**

The fund financial statements provide detailed information about the most significant funds - not the County as a whole. Some funds are required to be established by State law and by bond covenants. However, the County establishes other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money. The County's three categories of funds – *governmental, proprietary and fiduciary* use different accounting approaches.

Governmental Funds - Most of the County's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called the modified accrual basis of accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the County's general governmental operations and the basic services it provides.

Governmental fund information helps one determine whether there are more or fewer financial resources that can be spent in the near future to finance the County's programs. Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions.

Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The County maintains 121 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Headstart Fund, Capital Projects Interest Income Funds Series 2001 and 2002 and the Juvenile Youth Village Fund, each of which are considered to be major funds. Data from the other 116 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of *combining statements elsewhere in* this report.

The basic governmental fund financial statements can be found on pages 20 - 27 of this report.

**Proprietary Funds** - The County maintains two different types of proprietary funds, enterprise and internal service funds. *Enterprise Funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The County uses enterprise funds to account for its Water Utility Fund. *Internal Service Funds* are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County uses internal service funds to account for support services provided to other departments, which includes the employees' health benefits and worker compensation funds. Because these services predominantly benefit governmental rather than business-type functions, they have been included within *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. Conversely, all internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of *combining statements elsewhere in* this report.

The basic proprietary fund financial statements can be found on pages 28 - 32 of this report.

Fiduciary Funds - The County is the trustee, or fiduciary, for certain amounts held on behalf of others. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The County's fiduciary activities are reported in separate Statements of Fiduciary Net Assets and Changes in Fiduciary Net Assets. The accounting used for fiduciary funds is much like that used for proprietary funds. The County is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

The basic fiduciary fund financial statements can be found on pages 33 - 34 of this report.

**Notes to the Financial Statements:** The notes provide additional information that is essential to fully understand the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 35 - 75 of this report.

**Required Supplementary Information:** In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information*. This includes a schedule concerning the County's progress in funding its obligation to provide pension benefits to county employees. Required supplementary information can be found on pages 77 - 107 of this report.

**Other Information:** The combining statements referred to earlier in connection with non-major governmental funds and internal service funds are presented immediately following the required supplementary information. Combining and individual fund statements and schedules can be found on pages 108 - 374 of this report.

#### FINANCIAL ANALYSIS OF THE COUNTY AS A WHOLE

The government-wide financial analysis focuses on the net assets and changes in net assets of the County's governmental and business-type activities. As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. As the following table demonstrates, the County's assets exceeded its liabilities by \$65,224,028 at September 30, 2003.

| Total net assets                  | \$                      | 64,881  | \$_ | 70,625  | \$ | 343            | \$               | 470   | \$    | 65,224  | <u>\$</u> | 71,094  |  |

By far, the largest portion of the County's net assets, \$24,871,359 (38.1%) represents resources that are subject to external restrictions on how they may be used.

An additional portion of the County's net assets, \$21,203,071 (32.6%) may be used to meet the government's ongoing obligations to citizens and creditors. The remaining balance of *invested in capital assets net of related debt* \$19,149,598 (29.3%) reflects investment in buildings, vehicles, equipment, infrastructure and construction and infrastructure in progress, less any related debt used to acquire those assets that is still outstanding. The County uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

At the end of the current fiscal year, the County as a whole is able to report positive balances in all three categories (invested in capital assets - net of related debt, restricted and unrestricted) of net assets. When taken separately, the governmental activities column is the only section reporting positive balances for the three categories. On the other hand, the business-type activities column reported a negative balance of \$19,522 in the *unrestricted* category of net assets but had a positive balance in the *invested in capital assets*, net of related debt, of \$362,622 resulting in an ending balance of \$343,100 in total net assets.

The following table demonstrates, the County's net assets increased by \$1,592,440 during the current fiscal year. Business-type activities did experience a shortfall in net assets before transfers; however, increases in charges for services have improved the condition overall.

| Net assets - beginning of year (restated) |      | 63,216       |                 | 65,147 |                          | 416   |    | 422   |    | 63,632 |    | 65,569 |  |  |
| Net assets - end of year                  | \$   | 64,881       |                 | 70,625 | \$                       | 343   | \$ | 470   |    | 65,224 | \$ | 71,094 |  |  |

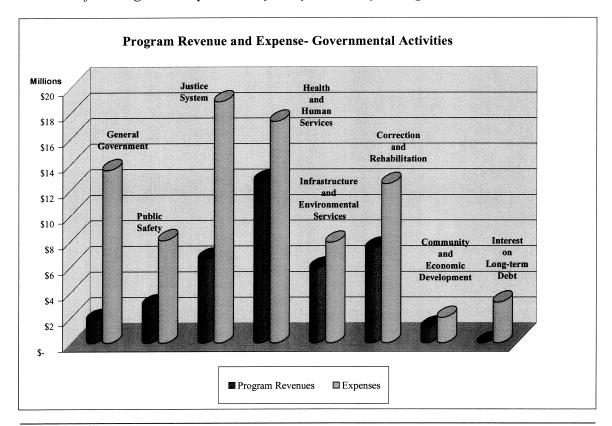

During the current fiscal year, the County's total revenues increased by \$6,901,872 (8.7%) and total expenses increased by \$11,334,962 (15.5%). Therefore expenses outpaced the growth in revenues by \$4,433,090. Nevertheless, total revenues for this year were more than total expenses resulting in an increase in *total net assets* of \$1,092,440 before transfers.

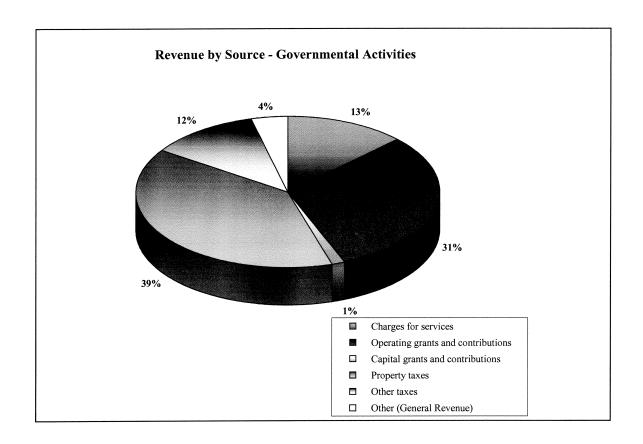

#### **Governmental Activities**

Governmental activities increased the County's net assets by \$1,665,149, resulting in 104.5% of the growth in net assets. Key elements of this increase are as follows:

- ➤ Property taxes collected increased by approximately \$3.6 million (12.3%) from the previous fiscal year. Increase is the product of increased taxable values and residential growth.
- ➤ Operating grants and grant contributions for governmental activities increased by approximately \$933,000 from the previous fiscal year of which most of it was attributable to increased revenues for the boarding of prisoners in the County Jail.
- ➤ Charges for services revenues also increased by a moderate \$1,930,577 (21.8%).
- > Special revenue taxes (sales and hotel/motel tax) increased by approximately \$558,406 from the previous fiscal year.
- Expenses of governmental activities increased by \$11,175,396 which compromised a 15.5 percent increase from the previous fiscal year.
- The most significant increases in expenses were evident in the functions of justice system and infrastructure and environmental services by approximately \$3.7 million (24.7%) and \$2.2 million (38.4%) from the previous fiscal year expenses respectively.

The following charts represent the fiscal year trends for the governmental activities.

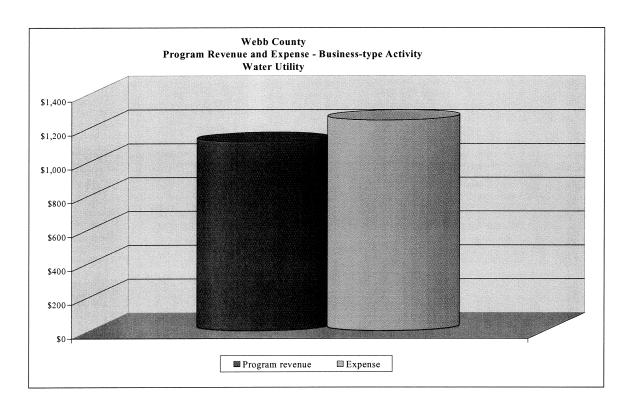

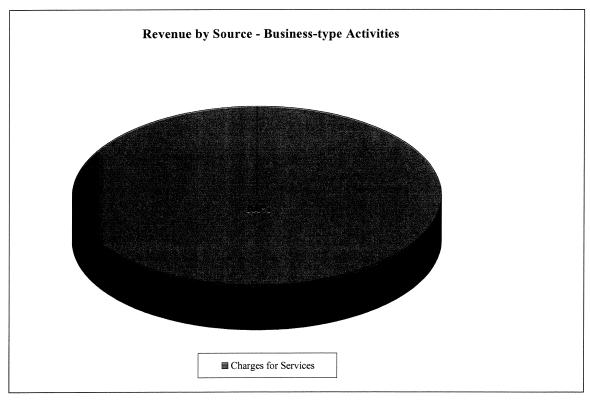

#### **Business-type Activities**

Business-type activities decreased the County's net assets by \$72,709 which resulted in an ending net asset balance of \$343,100. Key elements of the current year decrease are as follows:

- ➤ Charges for services increased by approximately \$76,892 (7.4%), compared to the prior year. This is a result of increased service rates and a modest increase in demand.
- > Expenses increased by \$159,566 (14.7%) from the previous year.

The following charts represent the fiscal year trends for the business-type activity.

#### FINANCIAL ANALYSIS OF THE COUNTY'S MAJOR FUNDS

As noted earlier, Webb County uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

#### Governmental Funds

The focus of the County's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the County's financing requirements. In particular, *unreserved fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$32,638,828, a decrease of \$2,756,720 in comparison with the prior year. This was primarily due to other governmental funds using \$1,500,618 from their beginning fund balances.

The **General Fund** is the chief operating fund of the County. At the end of the current fiscal year, unreserved balance of the General Fund was \$7,401,456, while the total fund balance was \$7,538,006. As a measure of the General Fund's liquidity, it may be useful to compare unreserved fund balance to total fund expenditures. Unreserved fund balance represents 15.4 % of total General Fund expenditures.

The County's General Fund balance decreased by \$1,438,445 from the previous fiscal year. Of this amount, approximately \$1 million in fund balance was anticipated and used from fund balance reserves to balance the budget for fiscal year 2003. Furthermore, the State of Texas passed a mandate Senate Bill 7 – Fair Defense Act which sets procedures of how and when counsel must be appointed to represent indigent defendants accused of crime. This mandate resulted in a cost increase of \$323,000 in Justice System expenditures. Based on 2003 state reports, Webb County ranks 11 out of 254 counties in Texas for indigent defense expenditures. In addition to this, indigent health care incurred expenditures in excess of its original budget amounts by more than \$883,000. The excess was attributable to deficiencies found during an internal audit; all of which have been addressed and are expected to be corrected.

The **Head Start Fund** accounts for resources received by the Department of Health and Human Services. These resources are used for student's education, nutrition, disability and medical services as well as parent's literary services. This fund does not contribute to the governmental fund balance at year end as the revenues received directly offset the expenses incurred.

Both the Capital Projects Interest Income Funds Series 2001 and 2002 are used to account for interest earned on the investment of bond proceeds as required by bond covenants. Interest income is available for funding corresponding capital projects, if needed. At year end they contributed a combined total of \$121,597 to the governmental fund balance.

The **Juvenile Youth Village Fund** accounts for the \$11.3 million construction project which will house a juvenile detention center and juvenile justice alternative education program. Although expenditures for capital outlay were incurred, fund balance still increased by \$71,178 due to investment earnings of \$146,263.

#### Proprietary Funds

The County's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Total *net assets* of the Water Utility Fund at year end totaled \$313,584.

#### GENERAL FUND BUDGETARY HIGHLIGHTS

Differences between the original and final amended budgets for expenditures resulted in a 3.7% increase, (\$1.8 million increase in appropriations). Ninety percent (90%) of the increase in appropriations can be attributed to transfers from the general fund balance to individual departments to cover unexpected and incurred expenditures.

At year end, general fund expenditures were less than budget estimates. The result was a \$2.5 million positive variance.

## **CAPITAL ASSET AND DEBT ADMINISTRATION**

#### Capital Assets

The County's investment in capital assets for its governmental and business type activities as of September 30, 2003, amounted to \$86,513,000 (net of accumulated depreciation). This investment in capital assets includes land, infrastructure, infrastructure in progress, buildings, equipment, furniture and construction in progress.

Major capital asset events during the current fiscal year included the following:

- New Heavy machinery at a cost of \$972,089.
- > Various construction projects in progress with an estimated cost of \$832,269.
- > Completion of a Community Center at a cost of \$346,279.
- ➤ Elevated storage tank at a cost of \$382,982

Additional information on the County's capital assets can be found in note III C on pages 48 - 50 and on note I C (10) on page 44 of this report.

#### Debt Administration

At the end of the current fiscal year, the County had total bond debt outstanding of \$67,348,074. The bond debt is payable from the levy of a direct ad valorem tax on all taxable property located within the County.

The County's total debt decreased by \$2,288,891 (3.3%) from the previous fiscal year.

New borrowing during the year was \$12.6 million in limited tax refunding bonds. A key element for the Court's decision to issue new debt during the fiscal year included the opportunity for the County of Webb to refinance some of its existing debt with more favorable interest rates.

The Webb County Court Residential Treatment Center program was not funded by the State of Texas beyond August 31, 2003. This program was being housed in the facilities described above, and its funding included an amount that was used by the County to make rent payments to the PBCF, which in turn used the funds to make the debt payments on the Certificates of Participation, Series 1997 described above. Upon termination of State funding, the Court Residential Treatment Center ceased to operate. Consequently, the County authorized appropriations in its 2003-2004 annual budget to provide for the rent payments for that fiscal year.

The presently outstanding ad valorem tax supported debt of Webb County has an underlying rating of "A3" by Moody's, "A" by Standard & Poor's, and "A" by Fitch. By virtue of an insurance policy, the Certificates have received a rating of "Aaa" by Moody's and "AAA" by Standard & Poor's and Fitch.

Texas Statutes limit the amount of general obligation debt a government entity may issue to 5% of its total assessed valuation. The current debt limitation for the County of Webb is \$365,057,600 which is significantly in excess of the County's outstanding general obligation debt.

Additional information on the County's long-term debt can be found in note III G on pages 54 - 62 of this report.

# ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The following economic factors were known as of the printing of this report:

- The unemployment rate for the County of Webb is currently 6.4%, which is a decrease from a rate of 6.9% a year ago.
- An additional \$10 million in debt was issued October 9, 2003 to be used for design, planning, acquisition, construction, and equipment for different projects to better serve the citizens of this county.

- ➤ Increases to Water Utility rates took effect September 1, 2003; this is part of our five year plan that started in fiscal year 2002 to meet business activity expenditures.
- ➤ County officials are working with state and federal agencies towards receiving a presidential permit to construct a 5<sup>th</sup> international port of entry between the United States and Mexico.
- ➤ During the 2003 2004 annual budget the County excluded the Webb County Casa Blanca Golf Course revenues and relinquished the management to the golf course operator. The County kept the cost of concern utility meters and repairs for the water lines over six inches in diameter. The County also pays the debt service for the golf course green revocation and clubhouse construction with no participation from the golf course operator.
- The County and the Jail Bargaining Unit reached an agreement on salary increments of 2% per year starting in October 1, 2003 through September 30, 2007. The estimated additional amount in personnel costs for this agreement is \$733,831 over the course of the contract.
- The Texas Commission on Jail Standards has determined that the Webb County Jail is not in compliance with jail standards. Furthermore, The Attorney General of the State of Texas has threatened to take legal action against the County for failing to stay within state regulations. One of the commission's findings was inmate overcrowding. Consequently, the County was forced to transfer inmates to Brooks County and Frio County; as a result, Webb County has estimated a loss of \$1.5 million in inmate revenue for the following fiscal year. Currently, County officials are working to resolve this issue.

## **CONTACTING THE COUNTY'S FINANCIAL MANAGEMENT**

This financial report is designed to provide a general overview of the County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Webb County Auditor's Office, 1110 Washington Street, Suite 201, Laredo, Texas 78040 or call (956) 523-4016.

### Webb County, Texas Statement of Net Assets September 30, 2003

| ASSETS Cash and Equivalents \$ 38,503,428 \$ 1,930,486 \$ 40,433,938 Receivables                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |                                                 |    | Governmental Activities | Business-type<br>Activities                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |            | Total       |

## Webb County, Texas Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Assets September 30, 2003

Total fund balance, governmental funds

\$

32,638,828

Amounts reported for governmental activities in the Statement of Net Assets are different because:

Capital assets used in governmental activities are not current financial resources and therefore are not reported in this fund financial statement, but are reported in the governmental activities of the Statement of Net Assets.

| Add - capital assets              |  |
|-----------------------------------|--|
| Deduct - accumulated depreciation |  |

160,998,620

(77,639,142)

Certain other long-term assets are not available to pay current period expenditures and therefore are not reported in this fund financial statement, but are reported in the governmental activities of the Statement of Net Assets.

| Taxes receivables, deferred         |
|-------------------------------------|
| Accounts receivables and fines, net |

7,795,624

3,548,086

The assets and liabilities of certain internal service funds are not included in the fund financial statement, but are included in the governmental activities of the Statement of Net Assets.

1,394,538

Some liabilities, (such as Notes Payable, Capital Lease Contract Payable, Long-term Compensated Absences, and Bonds Payable), are not due and payable in the current period and are not included in the fund financial statement, but are included in the governmental activities of the Statement of Net Assets.

| Deduct - bonds payable                     | (62,690,783) |
|--------------------------------------------|--------------|
| Deduct - accrued interest on bonds payable | (490,069)    |
| Deduct - bond premiums                     | (80,304)     |
| Deduct - Arbitrage Rebate                  | (46,786)     |
| Add - bond discounts                       | 48,632       |
| Add - Deferred Amount for Refunding        | 315,852      |
| Add - bond issuance cost                   | 1,007,198    |
|                                            |              |

Deduct - accrued compensated absences and other long-term liabilities

(1,919,366)

Net Assets of Governmental Activities in the Statement of Net Assets

\$ 64,880,928

## Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Year Ended September 30, 2003

| Net change in fund balances - total governmental funds:                                                                                                                                                                                                                                                                      | \$ (2,773,866)           |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------|
| Amounts reported for Governmental Activities in the Statement of Activities are different because:                                                                                                                                                                                                                           |                          |
| Governmental funds report outlays for capital assets as expenditures because such outlays use current financial resources. In contrast, the Statement of Activities reports only a portion of the outlay as expense. The outlay is allocated over the assets' estimated useful lives as depreciation expense for the period. |                          |
| This is the amount by which capital outlays \$4,957,019 exceeded depreciation \$4,318,228 in the current period.                                                                                                                                                                                                             | 638,791                  |
| Weble to a support abligations. In                                                                                                                                                                                                                                                                                           |                          |
| Governmental funds do not present revenues that are not available to pay current obligations. In contrast, such revenues are reported in the Statement of Activities when earned.                                                                                                                                            | 1,721,158                |
|                                                                                                                                                                                                                                                                                                                              |                          |
| Governmental funds report bond proceeds as current financial resources. In contrast, the Statement of Activities treats such issuance of debt as a liability. Governmental funds report repayment of bond                                                                                                                    |                          |
| principal as an expenditure, In contrast, the Statement of Activities treats such repayments as a reduction in long-term liabilities. This is the amount by which proceeds exceeded repayments.                                                                                                                              |                          |
| Debt issued: Refunding bonds issued                                                                                                                                                                                                                                                                                          | (12,610,000)             |

## I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The County was established in 1848 and is a public corporation and a political subdivision of the State of Texas. The County has a population of 193,117 (2000 census) living within an area of 3,366 square miles. The County is sixth largest county of the 254 Texas counties. The County is in the southwest quadrant of the state, and the City of Laredo, Texas is the County seat.

The County operates using a commission form of government. The County Judge is elected at large for a four-year term. The Commissioners' Court (Court) is comprised of four members elected for four-year terms from four election districts. The Court provides various services to advance the welfare, health, morals, comfort, safety, and convenience of the County and its inhabitants. As required by generally accepted accounting principles, the financial statements of the reporting entity include those of the County (the primary government) and its component units.

The financial statements of the County have been prepared in accordance with Generally Accepted Accounting Principles in the United States of America ("GAAP") as applied to governmental units. The Governmental Accounting Standard Board ("GASB") is the standard-setting body for governmental accounting and financial reporting. Pronouncements of the Financial Accounting Standard Board ("FASB") issued after November 30, 1989 are not applied in the preparation of the financial statements of the enterprise fund in accordance with the election made by the County under GASB Statement #20. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards, which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes GAAP for governmental units. The County's significant accounting policies are described below:

For the reporting year, the County elected early implementation of GASB Statement #34, "Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments."

## A. REPORTING ENTITY

In evaluating the County as a reporting entity, management has addressed all potential component units (traditionally separate reporting entities) for which the County may be financial accountable and, as such, should be included within the County's financial statements.

The County (primary government) is financially accountable if it appoints a voting majority of the organization's governing board and (1) it is able to impose its will on the organization or (2) there is a potential for the organization to provide specific financial burden on the County.

Additional, the primary government is required to consider other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Because of the closeness of their relationship with the primary government (the County), two component units are blended as though they are part of the primary government. The reporting funds of the Component Units listed below are included in the Special Revenue Funds section of the County's CAFR. These component units do not issue separately audited comprehensive annual financial reports. The only financial data available on these component units are included in the County's CAFR and may be obtained from the Webb County Auditor's Office.

Webb County Auditor 1110 Washington, Suite 201 Laredo, Texas 78040

<u>Blended Component Unit</u> The Webb County Community Action Agency (CAA) is an entity incorporated by the State of Texas. CAA's primary purpose is to take advantage of all Federal and State programs that are specially designed to aid and educate the underprivileged in the County. The Webb County Commissioners' Court is CAA's governing body. CAA has a twenty-one member advisory board consisting of (A) public officials, (B) indigent and, (C) the private sector. CAA's operations are reported in the special revenue funds.

<u>Blended Component Unit</u> The Laredo Webb County Child Welfare Board (Board) is an entity incorporated by the State of Texas. The Board's purpose is to provide foster care for neglected, delinquent and handicapped children of the County. The Webb County Commissioners' Court is the Board governing body. Thirteen resident members make up an advisory board appointed by the Commissioners' Court. The Board's operations are reported in the special revenue funds.

## **B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS**

The basic financial statements include both government-wide (based on the County as a whole) and fund financial statements. While the previous model emphasized fund types (the total of all funds of a particular type), in the new reporting model the focus is on either the County as a whole or as major individual funds (within the fund financial statements).

Both the government-wide and fund financial statements within the basic financial statements categorize primary activities as either governmental activities or business-type activities. In the government-wide Statement of Net Assets, both the governmental and business-type activities columns (a) are presented on a consolidated basis by column, (b) and are reflected, on a full accrual, economic resource basis, which incorporates long-term assets and receivables as well long-term debt and obligations.

The government-wide Statement of Activities reflects both the gross and net cost per functional categories (public safety, public works, etc.) that are otherwise being supported by general government revenues (property, sales and use taxes, certain intergovernmental revenues, fines, permits and charges, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. The program revenues must be directly associated with the function or a business-type activity. Program revenues include revenues from fines, and forfeitures, licenses and permit fees, taxes and charges for services. The operating grants include operating-specific and discretionary (either operating or capital grants while the capital grants columns reflects capital-specific grants.

The net cost (by function or business-type activity) is normally covered by general revenue (property, sales, or use taxes, intergovernmental revenues, interest income, etc.). Historically, the previous model did not summarize or present net cost by function or activity. The County does not currently employ an indirect cost allocation system.

This government-wide focus is more on the sustainability of the County as an entity and the change in aggregate financial position resulting from the activities of the fiscal period.

The fund financial statements are, in substance, very similar to the financial statements presented in the previous model. Emphasis here is on the major funds in either the governmental or business-type categories. Non-major funds (by category) or fund type are summarized into a single column.

Unless an internal service fund is combined with the business-type activities (deemed to be an infrequent event), totals on the business-type activity fund statements should directly reconcile to the business-type activity column presented in the government-wide statements.

The governmental funds major fund statements in the fund financial statements are presented on a current financial resource and modified accrual basis of accounting. This is the manner in which these funds are normally budgeted.

This presentation is deemed most appropriate to (a) demonstrate legal and covenant compliance, (b) demonstrate the sources and use of liquid resources, and (c) demonstrate how the County's actual experience conforms to the budget or fiscal plan. Since the governmental fund statements are presented on a different measurement focus and basis of accounting than the government-wide statements' governmental column, a reconciliation is presented on the page following each statement, which briefly explains the adjustment necessary to transform the fund based financial statements into the governmental column of the government-wide presentation.

Internal service funds of a government (that traditionally provide services primarily to other funds of the government) are presented in the summary form as part of the proprietary fund financial statements. Since the principal users of the internal services are the County's governmental activities, financial statements of internal service funds are consolidated into the governmental column when presented at the government-wide level. To the extent possible, the cost of these services is reflected in the appropriate functional activity (police, fire, public works, etc.).

The County's fiduciary funds (which have been redefined and narrowed in scope) are presented in the fund financial statements by type (pension, private purpose and agency). Since by definition these assets are being held for the benefit of a third party (other local governments, private parties, etc.) and cannot be used to address activities or obligations of the government, these funds are not incorporated in the government-wide statements.

The focus of the revised model is on the County as whole and the fund statements, including the major individual funds of the governmental and business-type categories, as well as the fiduciary funds, (by category). Each presentation provides valuable information that can be analyzed and compared (between years and between governments) to enhance the usefulness of the information.

## C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANAICAL STATEMENT PRESENTATION

#### 1. BASIS OF ACCOUNTING

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurement made, regardless of the measurement focus applied.

The Government-wide Financial Statements and the Proprietary, and Fiduciary Fund Financial Statements are presented on an accrual basis of accounting. The Governmental Funds in the Fund Financial Statements are presented on a modified accrual basis.

#### Accrual:

All proprietary and internal service funds are accounted for using the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred. Property taxes, sale taxes, bingo taxes, mixed drink taxes, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenues items are considered to be measurable and available only when the County receives cash.

#### **Modified Accrual:**

All governmental funds are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exceptions to this general rule is that debt service expenditure, compensated absences and claims and judgments, are recognized when due.

In applying the "susceptible to accrual" concept to intergovernmental revenues pursuant to GASB Statement #33, the provider should recognize liabilities and expenses and the recipient should recognize receivables and revenues when the applicable eligibility requirements including time requirements, are met. Resources transmitted before the eligibility requirements are met should under most circumstances, be reported as advances by the provider and deferred revenues by the recipient.

## 2. FINANCIAL STATEMENT PRESENTATION

The financial transactions of the County are recorded in individual funds. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues, and expenditures, or expenses as appropriate. The various funds are reported by generic classification within the financial statements. Governmental resources allocated to, and accounted for, in the individual funds are based on the specific activities in accordance with laws, regulations, or other restrictions.

The new reporting model (GASB Statement #34) sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The non-major funds are combined in a column in the fund financial statements and detailed in the combining section.

#### **GOVERNMENTAL FUNDS:**

The focus of Governmental funds measurement (in the Fund Financial Statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the Governmental Funds of the County:

<u>General Fund</u> is the general operating fund of the County. It is used to account for all financial resources except those require to be accounted for in another fund.

<u>Special Revenue Funds</u> are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The Headstart Program Fund, which is one of the special revenue funds, is presented as a major fund. Headstart revenues are received from the U. S. Department of Health and Human Services to provide eligible participants education, nutrition, disability and medical services. Headstart revenues are also used to provide literacy services for eligible parents.

<u>Debt Service Funds</u> are used to account for the accumulation of funds for the periodic payment of principal and interest on governmental bonds, loans, and capital leases.

<u>Capital Projects Funds</u> are used to account for the financial resources to be used for the acquisition and construction of major capital facilities (other than those financed by Business-type/Proprietary Funds). The major funds (Interest Income Capital Projects, Series 2001 Fund an Interest Income Capital Projects, Series 2002 Fund) are where the majority of the non-special revenue capital activity is accomplished. The two major funds are used to accumulate interest income for specific projects. Other non-major specific funds are created as deemed appropriate.

### **PROPRIETARY FUND TYPES:**

Proprietary Funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County enterprise, of the Water Utility Company and the County internal service funds are charges to customers for sales and services. The County also recognizes as operating revenues the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for the enterprise fund and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets.

All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses. The following is the description of the Proprietary Funds of the County:

<u>Enterprise Funds</u> are required to be used to account for operations for which a fee is charged to external users for goods or services and the activity (a) is financed with debt that is solely secured by pledge of the net revenues, (b) has third party requirements that the costs, be of providing services including capital costs, be recovered with fees and charges or (c) has pricing policy designed for the fees and charges to recover similar costs. The County may additionally elect to treat other County business similarly. The major fund (Water Utility Fund) represents the County's current business-type activity.

<u>Internal Service Funds</u> are used to account for the financing of services provided by a department to other departments, funds or component units of the County on a cost-reimbursement basis.

### FIDUCIARY FUNDS:

Fiduciary Funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support County programs. The reporting focus is upon net assets and changes in net assets and employs accounting principles similar to proprietary funds.

<u>Trust and Agency Funds</u> are used to account for the trust (either pension, investments [held for third parties] or private purpose) or agencies, which are custodial in nature.

## Non-Current Governmental Assets/Liabilities:

GASB Statement #34 eliminates the presentation of Account Groups, but provides for these records to be maintained and incorporates the information into the Governmental column in the government-wide Statement of Net Assets

## D. ASSETS, LIABILITIES AND FUND EQUITY

## 1. CASH AND CASH EQUIVALENTS AND BANK OVERDRAFT

The County has defined Cash and Cash Equivalents to include change funds, demand deposits, certificates of deposit, and money market certificates. Additionally, each fund's equity in the State investment pools is considered to be cash equivalent since the funds can deposit or effectively withdraw cash at any time without prior notice or penalty.

<u>Pooled Cash</u> - The County maintains pooled cash accounts for funds not require to be segregated. Some funds incur negative cash balances that are equivalent to liabilities. As a result, bank overdrafts are reported as interfund payables in the balance sheet. The general fund is the offsetting interfund receivable for the negative cash balance.

<u>Bank Overdraft</u> - Individual funds with their own bank account incurring cash overdraft balances are the results of payroll interfund bank transfers or transfers from the state investment pool occurring after the year end or special revenues and capital projects' grant funds on a reimbursement basis.

### 2. INVENTORIES

Inventories are valued at cost, which approximates market value, using the first in, first out method, with some inventories on the average cost method. The purchase method is used to account for inventories. Under the purchase method, inventories are recorded as expenditures when purchased; however, material amounts of inventories are reported as assets of their respective funds. Reported inventories in these funds are equally offset by a fund balance reserve, which indicates the assets are unavailable for appropriation even though they are a component of reported assets.

### 3. CAPITAL ASSETS AND DEPRECIATION

<u>Capital Assets</u> – Capital assets, which include property, plant, equipment and infrastructure assets (e.g. roads, bridges, dam, and similar immovable items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The County elected early implementation of the infrastructure reporting requirements of GASB Statement 34.

Capital assets are defined as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset's lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Capital assets of the County are depreciated using the straight-line method over the estimated useful life of the assets as follow:

| Buildings and improvements                                   | 15 to 40 years |
|--------------------------------------------------------------|----------------|
| Equipment (computer, office and vehicles)                    | 5 years        |
| Infrastructure - roads (paved, caliche, or dirt)             | 15 to 40 years |
| Infrastructure - bridges                                     | 25 to 35 years |
| Infrastructure - dam                                         | 40 years       |
| Infrastructure - cattle guards and culverts                  | 20 years       |
| Infrastructure - water and wastewater lines and pump station | 40 years       |

### 4. INTERFUND TRANSACTIONS

During the course of normal operations, the County has many transactions between funds. The accompanying Fund Level financial statements reflect as transfer the expenditures and transfers of resources to provide services, construct assets and meet debt service requirements. The effect of interfund activity has been eliminated in the Government-wide financial statements, except for transactions between the governmental and business-type activities.

### 5. DUE FROM OTHER GOVERNMENTAL UNITS

To recognize resources available for Special Revenue Funds and Capital Projects Funds, the County records amounts due from grantors upon receipt of the award and records the award as deferred revenue. For grants that require expenditures for eligible grant purposes in order to earn the award, revenues are recognized when expenditures are made. For other grants and financial assistance, the amounts due from other governmental units and deferred revenue are reduced upon receipt of payment and revenues are then recognized.

#### 6. FUND EQUITY

Certain fund balances or portions thereof have been reserved to indicate amounts that are not appropriated for expenditures or are legally segregated for a specific future purpose. Designation of a portion of the fund balance is established to indicate tentative plans for financial resource utilization in a future period.

#### 7. CAPITAL GRANT

Capital grants restricted for capital acquisitions or construction other than those associated with proprietary funds, are accounted for in the applicable Capital Projects Funds. Grant monies restricted for acquisition of Enterprise Fund capital assets are recorded as contributed equity in the applicable enterprise fund. Therefore, depreciation expense relating to fixed assets contributed or acquired with grant monies is deducted from the applicable contributed capital.

## 8. OTHER ASSETS AND UNAMORTIZED BOND ISSUANCE COSTS

Other assets held are recorded and accounted for at cost.

In the governmental funds, discounts and issuance costs are treated as period costs in the year of issue. Bond issuance costs are shown as other financing sources.

In the proprietary funds, bond discounts and issuance costs are deferred and amortized over the term of the bonds using the bonds outstanding method that approximates the effective interest method. Bond discounts are presented as a reduction of the face amount of the revenue bonds payable whereas issuance costs are recorded as other assets. Expenses relating to the sale of the combination tax and revenues bonds in the enterprise fund are amortized over the life of the issue.

As part of the reconciliation and presentation at the government-wide level these costs (in the governmental funds) are adjusted and reflected similarly to proprietary funds.

## Governmental Funds

|                   | Unamortized Bond Issuance ( | Costs | 1,007,200       |
|-------------------|-----------------------------|-------|-----------------|
|                   | Prepaid Expenses            |       | 68,197          |
|                   | Deposits                    |       | 8,060           |
|                   |                             | Total | \$<br>1,083,457 |
| Proprietary Funds |                             |       |                 |
|                   |                             |       |                 |
|                   | Unamortized Bond Issuance ( | Costs | 147,190         |
|                   |                             | Total | \$<br>147,190   |
|                   |                             | Total | \$<br>147,190   |

#### 9. RECLASSIFICATION

Certain September 30, 2002 accounts balances have been reclassified in this report to conform to the financial statement presentation used in 2003.

## 10. ADJUSTMENTS TO NET ASSETS AND FUND BALANCE

Prior period adjustments were made to the government activities financial statements to reflect corrections to capital assets and the related accumulated deprecation (\$ 7,619,142) and deferred cost for \$ 210,381 were reported as a restatement of beginning fund balance or fund net assets for 2002. The total effect was a reduction of (\$ 7,408,761) to beginning governmental activities net assets at October 1, 2002.

The Water Utility Fund enterprise fund was also adjusted for (\$ 54,042) for prior period adjustment as of October 1, 2002.

The Webb County Utility Fund was adjusted for (\$ 54,042) for capitalized interest for the Texas Water Development Board Water & Sewer DFUNDII Loan.

## II. STWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

## A. EXCESS EXPENDITURES OVER APPROPRIATIONS

An excess of expenditures over appropriations were incurred for the following governmental funds as of September 30, 2003:

| Special Revenues                             | Appropriations | Expenses / Expenditures | Excesses      |
|----------------------------------------------|----------------|-------------------------|---------------|
| Election Services Contract Fund              |                | 100,581                 | 100,581       |
| CJD City of Laredo Financial Task Force Fund | 235,046        | 235,589                 | 544           |
| Total                                        | \$<br>235,046  | \$<br>336,170           | \$<br>101,125 |

The \$ 100,581 excesses for the election services contract fund resulted from election fund having no budget. The contractual revenues and fund balance absorbed the excess expenditures.

The \$ 544 excesses for Criminal Justice Division - Financial Task Force resulted from personnel cost exceeding its budget estimates. Grant governmental revenues for the program were utilized to finish the fiscal year.

### **B. DEFICIT FUND EQUITY**

The following funds had deficit fund balances at September 30, 2003:

Special Revenue Fund - Webb County CAA, Community Service Block Grant (CSBG), Meals on Wheels, Public Transportation for Non-Urbanized Areas and Child and Adult Care Food Program at September 30, 2003 had an unreserved undesignated fund balance deficits of \$ 224, \$ 3,167, \$ 5,968, and \$ 25,805 respectively, which exist due to grant expenditures exceeding grant revenues.

CSBG operations are through December 2003 and future grant revenues are expected to eliminate the deficit.

Meals on Wheels per-diem meal rates are pre-determined and the subsequent year expenditures were reduced to eliminate the deficit.

Public Transportation For Non-Urbanized Areas grant incur a deficit for September for the first month of the grant operations, grant revenues through August 2004 are expected to eliminate this deficit.

The Child and Adult Care Food Program current year excess expenditures over revenues will be transferred to the Headstart Program to eliminate the deficit.

Water Utility Company Enterprise Fund had an unreserved undesignated fund balance deficits \$ 19,522 exists due to expenses exceeding revenues. The increases to water and wastewater rates implemented in late 2003 will eliminate the deficit.

## III. DETAILED NOTES ON ALL FUNDS

## A. CASH AND CASH EQUIVALENTS, INVESTMENTS, AND BANK OVERDRAFT

<u>CASH</u> - At September 30, 2003 the carrying amount of the County's deposits (including certificates of deposits of \$ 6,897,817) was \$ 11,795,270 and the bank balance was \$ 13,031,401. Of the bank amount, 100 percent was insured or collateralized with securities held by the County's agent in the County's name.

The State of Texas Public Funds Investment Act limits the types of authorized investments that the County may make. Legal collateral and investments are generally limited to direct obligations of the United States of America or guaranteed by governmental entities or its agencies and instrumentalities, certificate of deposit and repurchase agreements.

<u>CASH EQUIVALENTS</u> - Cash equivalents represent deposits and short-term highly liquid investments with a maturity of less than three months.

The County invests primarily in TexPool which is a public fund pool administered by the State Comptroller of Public Accounts. There is a twenty-four hour fund availability of these funds; therefore, the Texpool's investment of \$50,876,623 is reported as cash equivalent. Texpool's net assets value is 1.00005% of the County's carrying value as of September 30, 2003. Accordingly, the fair valve of the position in TexPool is the same as the value of TexPool shares.

As required by Technical Bulletin 94-1 Disclosures about Derivatives for indirect transactions such as investment pool, Texpool held no derivative securities. Texpool's investment policy does not allow for derivative investments.

Logic - Local Government Investment Cooperative is also a public fund pool for the County permanent school fund. The Cooperative's governing body is a five-member Board of Directors comprised of employees, officers, or elected officials of participant Government Entities or individuals who do not have a business relationship with the Cooperative and are qualified to advise it. There is twenty-four hour fund availability of these funds; therefore, the Logic's investment of \$ 3,246,646 is also reported as cash equivalent. Logic's net assets value is 1.0000% of the County's carrying value as of September 30, 2003. The fair valve of the position in Logic is the same as the value of Logic shares.

MBIA Texas Cooperative Liquid Assets Securities System (Texas CLASS) is also a public fund pool for the County permanent school fund. Texas CLASS establishes a trust so long as MBIA Municipal Investors Services Corporation is the Program Administrator organized and existing under the laws of State of Texas. The Board of Trustees shall conduct the Trustees activities, execute all documents and sue or be sue under either of the under the foregoing names. There is twenty-four hour fund availability of these funds; therefore, the Texas CLASS investment of \$ 2,048,558 is also reported as cash equivalent. MBIA's net asset value is 1.0000% of the County's carrying value as of September 30, 2003. The fair valve of the position in Texas CLASS is the same as the value of Texas CLASS shares.

Cash and Cash Equivalents are combined in the Financial Statements as follows:

| Financial Statements            |      | Primary<br>Government | -    | Fiduciary<br>Funds |
|---------------------------------|------|-----------------------|------|--------------------|
| Cash on hand                    |      | 9,227                 |      |                    |
| Deposits                        |      | 754,570               |      | 11,040,700         |
| Texpool State Investment Pool   |      | 39,670,117            |      | 11,206,506         |
| Logic Investment Pool           |      |                       |      | 3,246,646          |
| Texas CLASS Investment Pool     | _    |                       | _    | 2,048,558          |
| Total Cash and Cash Equivalents | \$ _ | 40,433,914            | \$ _ | 27,542,410         |

### Reconciliation of bank overdraft:

| Per Fund Type                                                                                       |                  |
|-----------------------------------------------------------------------------------------------------|------------------|
| General Bank Account - Pool Cash<br>Internal Service Funds - Blue Cross/Blue Shield<br>Bank Account | 218,534<br>6,865 |
| Total Negative Cash Balances Per Fund Type                                                          | 225,399          |

The General Fund had \$2,561,291 cash balance and recorded a interfund receivable "Due From Other Funds" for \$2,779,825 from special revenue funds for the negative pooled cash for financial reporting purposes. An internal service fund bank account had a negative cash balance as of September 30, 2003.

### **B. RECEIVABLES**

Accounts, billings, and taxes receivables and related allowances are as follows:

| Receivables                                   | Governmental<br>Activities | Business<br>Activities |
|-----------------------------------------------|----------------------------|------------------------|
| Tax Receivable - Delinquent                   | 7,359,019                  |                        |
| Billings Receivable                           |                            | 177,940                |
| Accounts Receivable                           | 1,230,697                  | 187                    |
| Fines Receivable                              | 2,341,787                  |                        |
| Probation Fees Receivable<br>Notes Receivable | 935,193<br>83,029          |                        |
| Accrued Interest Income                       | 1,511                      |                        |
| Total Receivables                             | \$11,951,236_              | \$178,127              |

Governmental funds report deferred revenues in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not earned. For the government-wide statements, property taxes expected to be collected are reported as deferred. On June 2, 2003, the County had an estimated \$ 1,387,546 storm damage and received a portion of the insurance proceeds. Clean-up cost was incurred during the fiscal year and a small segment of the repairs commenced February 2004. The insurance proceeds were deferred until claim and repairs quotes will be finalized.

All repairs are being taken to the Court for approval. The claim balance will be required to be resolved within a year of the claim. At the end of the current fiscal year, the various components of deferred revenues and unearned revenue reported in the governmental funds were as follows:

|                                                                          |     | Unavailable                           | Unearned      |
|--------------------------------------------------------------------------|-----|---------------------------------------|---------------|
| Properties taxes receivables – General Fund                              |     | 6,322,912                             |               |
| Properties taxes receivables – Road and Bridge Fund                      |     | 266,921                               |               |
| Properties taxes receivables – Debt Service Fund                         |     | 1,205,791                             |               |
| Storm insurance proceeds Grant drawdown prior to meeting all eligibility |     | 934,935                               |               |
| requirements                                                             |     | · · · · · · · · · · · · · · · · · · · | 346,084       |
| То                                                                       | tal | \$<br>8,730,559                       | \$<br>346,084 |

## C. CAPITAL ASSETS

A summary of changes in capital assets during the fiscal year ended September 30, 2003 follows:

| Capital Assets                                      | Beginning<br>Balance<br>10/1/2002 | Additions     | Deductions | Adjustments  | Ending<br>Balance<br>9/30/2003 |
|-----------------------------------------------------|-----------------------------------|---------------|------------|--------------|--------------------------------|
| Land and<br>Improvements                            | 5,637,002                         |               |            |              | 5,637,002                      |

|                                                  | Total\$ | 338,391                           | \$ 72,105 | \$<br>\$\$      | 410,496                        |

As of September 30, 2003, the County infrastructure in progress is \$ 1,694,759 for business-type activities.

## D. ACCOUNTS PAYABLE AND ACCRUED EXPENSES

Accounts payable and accrued liabilities in the governmental and business activities are as follows:

| Accounts Payable and Accrued Liabilities          | Governmental<br>Activities | Business<br>Activities |  |
|---------------------------------------------------|----------------------------|------------------------|--|
|                                                   |                            |                        |  |
| Bank overdraft                                    | 225,399                    |                        |  |
| Accounts payable                                  | 4,522,320                  | 46,591                 |  |
| Accrued wages                                     | 1,430,179                  | 14,840                 |  |
| Other liabilities                                 | 591,522                    | 9,388                  |  |
| Restitution payable                               | 46,242                     |                        |  |
| Retainage payable                                 | 346,811                    | 16,789                 |  |
| Customer deposits                                 |                            | 35,779                 |  |
| Total Accounts Payable and Accrued Liabilities \$ | 7,162,473                  | \$123,387              |  |

## E. INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

The County has numerous transactions between funds that involve receipts and disbursements by one fund for amounts of another fund. Those transactions that require one fund to reimburse another are classified in the balance sheet of the various funds as due to or due from other funds, as appropriate. Transactions that would be treated as revenues, expenditures, or expenses if they involved organizations external to the County are accounted for as revenues, expenditures, or expenses in the funds involved.

Individual interfund receivable and payable balances at September 30, 2003 were:

| Primary Government           | <br>Interfund<br>Receivables | Interfund<br>Payables |
|------------------------------|------------------------------|-----------------------|
| Governmental Activities:     |                              |                       |
| Major Fund                   |                              |                       |
| General Fund                 | 3,113,122                    | 318,485               |
| Special Revenue Fund         |                              |                       |

| Webb County Water Utility                              | ******** | 1,856,078      | 2,076,976  |
| Total Government-wide Interfund Receivable And Payable | \$       | 17,155,750 \$_ | 17,904,783 |
| Fiduciary                                              |          |                |            |
| Trust Funds                                            |          | 674,514        | 585,426    |
| Agency Funds                                           |          | 665,247        | 5,302      |
| Total Fiduciary Interfund Receivable And Payable       |          | 1,339,761      | 590,728    |
| Total Interfund Receivable And Payable                 | \$       | 18,495,511 \$_ | 18,495,511 |

Transfers of financial resources among funds are recognized in all funds affected in the accounting period in which the interfund receivable and payable arises. Interfund operating transfers are legally authorized transfers from a fund to the fund through which the resources are to be expended. During the fiscal year ended September 30, 2003, interfund transfers were as follows:

|                                                                          | Operating<br>Transfers In | Operating<br>Transfers<br>Out | Purpose                            |

#### F. LEASES

The County entered into contractual lease agreements for equipment, heavy equipment, vehicles, and portable buildings for the General Fund, Road and Bridge Fund and the TJPC – Juvenile Justice Alternative Education Program. The leases met the criteria of a capital lease, in which the benefits and risks of ownership are essentially transferred to the lessee, the County. Upon entering into these capital leases, the County records capital outlay and other financing sources for governmental funds equal to the capitalization amounts of the equipment in the fund that accounts for the acquiring governmental funds. The County records the asset and the related liability for the enterprise fund.

Lease payments are reported in the Debt Service Fund for governmental funds as taxes that have been levied for that specific purpose.

#### G. LONG-TERM DEBT

The following is a summary of long-term debt activity for the year ended September 30, 2003. The Certificates of Obligations, Limited Tax Refunding and Combination Tax and Revenue Certificate of Obligations, General Obligation Refunding, and Limited Tax Refunding bonds and LoanSTAR Loan pertain to governmental funds. The governmental debt is retired from Debt Service Fund revenues; primarily ad valorem taxes.

The TWDB Water and Sewer DFUNDII Loan and a portion of the Certificates of Obligations series 1999 and 2000 are retired by the Webb County Water Utility self-supporting fees.

Long-term liabilities activity for the fiscal year ended September 30, 2003, was as follow:

|                                                  |            |            |                       |                     |                      | Amount     |

As of September 30, 2003, the \$8,625,000 outstanding bonds, series 1989A are considered defeased. The next schedule bond payment is in 2009 for \$8,625,000.

As a result, the refund bonds are considered to be defeased and the liability for those bonds has been removed from the County's general long-term debt.

#### J. SUBSEQUENT BOND ISSUANCE

On October 9, 2003, the County issued \$10,000,000 Certificates of Obligation, Series 2003 to finance the design, planning, acquisition, and construction of various projects. The interest rate on the bonds range from 2.500-5.125 percent and the maturity date is February 15.2023.

#### K. CONDUIT DEBT

#### Certificates of Participation, Series 1997

The PBCF Webb Texas, Inc. (Lessor) is a Texas Corporation organized and existing under the laws of the State of Texas. The lessor by proper corporate action duly authorized the execution and delivery of and the due performance of lease purchase agreement with Webb County, Texas ("Lessee").

The sale of July 15, 1997 \$1,530,000 Certificates of Participation, Series 1997 (the "1997 Certificates") evidencing interests of the owners thereof in certain obligations of Webb County, Texas due under its lease purchase agreement with PBCF Webb Texas, Inc. The 1997 Certificates represent proportionate interests in the basis rent payable by Webb County, Texas.

The project consists of approximately .95-acre tract, and approximately 15,000 square feet Restitution/Court Residential Treatment facility, including sleeping quarters, laundry facilities,

dining facilities, a kitchen, educational classrooms space, administrative space, parking areas and recreational areas.

The outstanding balance of the 1997 Certificates is \$ 1,420,000 as of September 30, 2003.

Neither the lease, the County's obligation to pay basic rent nor the 1997 certificates are general obligations of the County. The County's obligation to make basic rent payments and any other obligation of the County under the lease are subject to and dependent upon yearly appropriations being made by the County for such purpose. However, the County is not legally required to appropriate or otherwise provide monies for this purpose.

The Webb County Court Residential Treatment Center program was not funded by the State of Texas beyond August 31, 2003. This program was being housed in the facilities described above, and its funding included an amount that was used by the County to make rent payments to the PBCF, which in turn used the funds to make the debt payments on the Certificates of Participation, Series 1997 described above. Upon termination of State funding, the Court Residential Treatment Center ceased to operate. Consequently, the County authorized appropriations in its 2003-2004 annual budget to provide for the rent payments for that fiscal year.

### Certificates of Participation, Series 1997A (Sale During Fiscal Year and Defeasance Date of Record December 28, 1998)

The Webb County Correctional Center Public Facility Corporation is a newly-formed nonprofit corporation created by the County in accordance with Article 717s, Vernon's Texas Civil Statutes, as amended ("Article 717s'") for the purpose of assisting the County with the financing, refinancing, or providing for public facilities for the County.

The Webb County Correctional Center Public Facility Corporation has the broadest possible powers to finance the acquisition of county obligations issued or incurred in accordance with the existing law, and to provide for the acquisition, construction, rehabilitation, renovation, repair, equipping, furnishing, and placement in service of public facilities of the County under Article 717s. All powers of the Corporation are vested in a Board of Directors, each of who is a member of the Commissioners Court.

The sale of the October 1, 1997 \$ 22,470,000 Certificates of Participation Series 1997A (the "1997A Certificates"), evidencing proportionate interests of the owners thereof in a Lease Agreement with option to purchase with Webb County, Texas as Lessee. The Lessor will transfer its rights and interest in, and duties and obligations regarding the project including the title to the real property portion of the project to the Corporation, subject to the mortgage and assignments made to the Trustee for the benefit of the Certificate owners. The outstanding balance of the 1997A Certificates is \$ 20,770,000 as of September 30, 2003.

The new Webb County Correctional Center consists of 98,000 square feet which will include a 500-bed multi-classification detention center with all necessary ancillary spaces, including education building, guard towers, segregated recreation yard, kitchen, program space medical facilities, wastewater treatment plant and associated utilities. There will be 150 single cells, 96 double cells, 19 eight-bed dormitories and 1 six-bed dormitory.

On December 29, 1998 a closing memorandum by bond counsel and the revised purchase structure for request for Repurchase Agreement and Defeasance Escrow CCA PRT broker, the County entered into an incarceration agreement with CCA PRT. This transaction provides for the defeasance of the Webb County Correctional Public Facility Corporation \$ 22,470,000 1997A Certificates. The Verification Agent of record provided a Defeasance Verification Report for the mathematical accuracy on the transaction. The transfer of ownership will occur in October 1, 2007 to CCA PRT, the purchaser. In the meantime, the County will have entered into a sublease agreement with CCA PRT providing incarceration agreements for County inmates.

#### L. SEGMENT INFORMATION - ENTERPRISE FUND

The County maintains at the end of the fiscal year an enterprise fund. The Webb County Water Utility started its operations on August 1, 1994 and is located in the community of Rio Bravo, Texas. The plant was purchased from Rio Bravo Water Company, Inc. with grant funds. The State of Texas authorized the County to administer this water utility operation.

#### IV. OTHER INFORMATION

#### A. PROPERTY TAXES

Property subject to taxation is real property and certain personal property situated in the County. The County's property tax is levied and becomes collectible on October 1, based on values assessed by the Webb County Appraisal District as of the preceding January 1, which is the date a tax lien is attached to the property.

Such taxes become delinquent on February 1 after the levy date. Discounts of 3%, 2%, and 1% are offered on payments of current taxes made by the last day of October, November and December, respectively.

Interest and penalties of 7% plus 2% a month are added for payments received in February, March, April, May, and June. The assessed valuation of taxable property for year 2002 was \$ 7,301,151,991 representing 100% of appraised value.

The County grants exemptions authorized by state law for disabled veterans, and homestead productivity of open space land. Therefore, the taxable values to which the tax rates are applied are less than the 100% valuation. The taxable values for year 2002, and designation of tax rates are as follows for fiscal 2003:

|                                                   |    | Taxable Value | Tax Rate Per<br>\$100 of<br>Taxable Value |
|---------------------------------------------------|----|---------------|-------------------------------------------|
| General Fund:                                     | \$ | 7,301,151,991 | 0.370948                                  |
| Special Revenue Fund: Road and Bridge Maintenance | \$ | 7,232,950,727 | 0.003567                                  |
| Debt Service Fund:                                | \$ | 7,301,151,991 | 0.083408                                  |
| Total Tax Rate                                    | )  |               | 0.457923                                  |

Taxes receivable are reduced by an allowance for estimated uncollectible taxes. Revenues from property taxes are recognized in the current year to the extent they are available to finance current year expenditures.

The County is permitted to levy taxes up to \$.80 per \$100 of assessed valuation for general governmental services including the payment of principal and interest on general obligation long-term debt and an additional \$.15 per \$100 of assessed valuation for maintenance of public roads and bridges.

The County thus has legal margins of \$.355544 and \$.136533 respectively, per \$100 valuation and could levy approximately \$ 24,767,878 and \$ 10,106,082 in additional taxes for those purposes before that exceeds the tax rate calculated in accordance with the Texas Property Tax Code by more than 3% without holding a public hearing. The Property Tax Code subjects an increase in the effective tax rate to a referendum election when the increase in the effective tax rate is 8% or more of the previous year's effective tax rate.

Because of limitations imposed by state law, cases in which accumulated taxes exceed property value and other problems in tax collection, allowances have been provided for uncollectible accounts.

#### B. DEBT LIMIT

The County is subject to certain statutes of the Texas Constitution that limit the amount of net bonded debt (exclusive of revenue bonds). The County may have outstanding up to 25 percent of the assessed value of real property.

At September 30, 2003, the statutory limit of the County was approximately \$ 1,888,062,974 providing a legal debt margin of \$ 1,827,933,257.

#### C. COMPENSATED ABSENCES

Accumulated compensatory leave, vacation and sick leave expected to be liquidated with expendable available financial resources are reported as expenditures in the respective governmental funds. Accumulated compensated absences not expected to be liquidated with expendable available resources are reported as long-term liabilities in the governmental activities column of the government-wide Statement of Activities. The majority of these have typically been liquidated from the General Fund in previous years. Accumulated compensated absences of Proprietary Funds are recorded as an expense and liability in the respective fund and the business-type column of the government-wide Statement of Activities as the benefit accrues for the employee.

Employees accrue 12 days of sick leave per year. Sick leave taken is recognized as expenditures as used by employees. There is no ceiling for the employees to accumulate sick leave. Upon separation or termination, unused sick leave is not paid. Employees with more than one year of service accrue from twelve to twenty-one days' vacation per year, depending on years of service.

Non-exempt employees earn compensatory time at one and one-half times their full rate of pay times the excess of 40 hours per week worked. The compensatory time balance for non-exempt employees may not exceed 240 hours. Hours in excess of the 240-hour maximum must be paid to the non-exempt employee at the rate of one and one-half times the regular rate. Upon termination, non-exempt employees will be paid for compensatory time at their wage rate at time of termination.

#### D. RETIREMENT PLAN

#### 1. Plan Description

The County provides retirement, disability, and death benefits for all of its full-time employees through a nontraditional defined benefit pension plan in the statewide Texas County and District Retirement System (TCDRS). The Board of Trustees of TCDRS is responsible for the administration of the statewide agent multiple-employer public employee retirement system consisting of 535 nontraditional defined benefit pension plans. TCDRS in the aggregate issues a comprehensive annual financial report (CAFR) on a calendar year basis. The CAFR is available upon written request from the TCDRS Board of Trustees at P. O. Box 2034, Austin, Texas 78768.

The plan provisions are adopted by the governing body of the employer, within the options available in the Texas state statutes governing TCDRS (TCDRS Act). Members can retire at ages 60 and above with 8 or more years of service, with 20 years of service regardless of age, or when the sum of their age and years of service equals 75 or more.

Members are vested after 8 years of service but must leave their accumulated contributions in the plan to receive any employer-financed benefit. Members who withdraw their personal contributions in a lump sum are not entitled to any amounts contributed by their employer.

Benefit amounts are determined by the sum of the employee's contribution to the plan, with interest and employer -financed monetary credits. The level of these monetary credits is adopted by the governing body of the employer within the actuarial constraints imposed by the TCDRS Act so that the resulting benefits can be expected to be adequately financed by the employer's commitment to contribute. At retirement, death, or disability, the benefit is calculated by converting the sum of the employees' accumulated contributions and the employer-financed monetary credits to a monthly annuity using annuity purchase rates prescribed by the TCDRS Act.

#### 2. Funding Policy

The employer has elected the annually determined contribution rate (ADCR) plan provisions of the TCDRS Act. The plan is funded by monthly contributions from both employee members and the employer based on the covered payroll of employee members. Under the TCDRS Act, the contribution rate of the employer is actuarially determined annually.

The employer contributed using the actuarially determined rate of 5.75% for the months of the accounting year in 2002, and 7.42% for the months of the accounting year in 2003.

The contribution rate payable by the employee members for calendar year 2003 is the rate of 6% as adopted by the governing body of the employer. The employee contribution rate and the employer contribution rate may be changed by the governing body of the employer within the options available in the TCDRS Act.

#### 3. Annual Pension Cost

For the 2003 fiscal year, the County's annual pension cost was equal to the County's required contributions. The employers are required to contribute at an actuarially determined rate; the current required contribution is \$ 2,827,957.

The annual required contributions were actuarially determined as a percent of the covered payroll of the participating employees, and were in compliance with the Governmental Accounting Standards Board Statement Number 27 "Accounting for Pension by State and Local Governmental Employers" parameters based on the actuarial valuations as of December 31, 2000 and December 31, 2001, the basis for determining the contribution rates for calendar years 2001 and 2002. The December 31, 2002 actuarial valuation is the most recent valuation.

#### 4. Transition Disclosure

It was determined in accordance with GASB Statement No. 27 that the pension liability was zero at transition to that statement effective at the beginning of the accounting year, because all actuarially required contributions for the accounting years beginning in 1987 up to the beginning of this accounting year have been paid.

There was no previously reported pension liability before the transition. Therefore, the difference between the pension liability at transition and the previously reported pension liability is zero.

#### E. DEFERRED COMPENSATION

In accordance with Internal Revenue Code (IRC) Section 457, the County offers all employees a deferred compensation plan. Under this plan, employees are permitted to defer a portion of their current salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency. Public Employees Benefit Services Corporation (PEBSCO) administers the plan.

During the fiscal year ended September 30, 1998, the County exercised its option and transferred the assets of the deferred compensation plan created under Internal Revenue Code Section 457 to a trust held for the exclusive benefit of the participating employees and not accessible by the County or its creditors. For this reason and as required by Government Accounting Standard Board (GASB) Statement number 32, "Deferred Compensation Plans Under Internal Revenue Code Section 457", the County is not including the activity related to the deferred compensation plan in its financial statements.

The implementation of GASB Statement 32 did not have an effect on the financial statements of the County, which would require an adjustment to the equity section of the County in order to comply with Generally Accepted Accounting Principles.

#### F. RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omission; injuries to employees; and natural disasters. The County established a department within the General Fund to account for property / casualty and liability insurance premium reserves and uninsured risks of loss up to \$50,000 per occurrence. In 1992, a Workers' Compensation Fund was created to finance worker's compensation claims for uninsured losses up to \$100,000 per employee claim, this enabled the County to account for and record losses and maintain reserves for on-the-job employee injuries.

In addition, the County continues to maintain an Employees' Health Benefits Fund for uninsured risk of loss for health insurance coverage for employees up to \$50,000 per employee per year. The Court set the rates for the County's funding plan levels, contributions and employees deductions. All funds with personnel cost participate in both the employees' health benefits and workers' compensation funds.

There was no significant reduction in insurance coverage from coverage in the prior year by category. The County purchases commercial insurance for claims in excess of coverage provided by each Fund and for all other risks of loss. Settled claims resulting from general liability exposure have not exceeded this commercial coverage in any of the past ten fiscal years. As of September 30, 2003, the claims liability of \$ 413,422 and \$ 31,806 are reported in the internal service funds. Changes in the respective funds claims liability amount for 1993 through 2003 fiscal years were:

| 2002                                           | 729,481                  | 15,409               | - 0 -              | 744,890            |  |  |
| 2003                                           | 744,890                  | (158,358)            | -0-                | 586,532            |  |  |
|                                                |                          |                      |                    |                    |  |  |

In addition to the mentioned claims and judgments liabilities, if the County would cancel its health insurance policy it would be liable an estimated \$ 1,453,804. This amount includes \$104,193 in administration fees and \$ 1,349,611 in runoff medical, prescriptions and dental claims. This event is not considered probable; and therefore, is not accrued in the Employee's Health Benefit Internal Service Fund.

#### G. COMMITMENTS AND CONTINGENCIES

The County has several purchase commitments outstanding at September 30, 2003. These commitments are as follows:

|                        | Total \$ | 1,211,572 |
|------------------------|----------|-----------|
| Capital Projects Funds |          | 293,561   |
| Special Revenue Funds  |          | 496,983   |
| General Fund           | \$       | 421,028   |

The County is subject to various litigation and claims (some of which are for substantial amounts) arising out of the course of its operations. The County Attorney and independent counsel assisting with several cases have reviewed the cases to arrive at estimates of the range of potential loss, if any, to the County. Loss contingencies considered probable were immaterial and required no accrual.

The County is the recipient of federal and state financial assistance and is subject to various laws and regulations governing the use of this funding. If the grantor agencies determine such programs were not operated in accordance with the related laws and regulations the County could be required to refund assistance received for such ineligible expenditures. The amount, if any, of expenditures which may be disallowed by the grantors cannot be determined at this time, although the County expects such amount, if any, to be immaterial.

While the results of lawsuits or other proceedings cannot be predicted with certainty, the administration does not believe these matters will have a material adverse effect on the County's financial position.

An estimated liability for arbitrage rebate for the certificate of obligation, series 1999 was included in short-term claims and judgments for \$ 46,786.

#### H. GENERAL FUND - FEDERAL / STATE REVENUE SOURCE

#### **Texas Natural Resource Conservation Commission**

The purpose of this grant is to enable South Texas Development Council (STDC) to carry out or conduct various municipal solid waste management related services and to support activities within STDC regional jurisdiction. The grant revenue earned through the fiscal year was \$ 27,631.

### <u>Texas Department of Protective and Regulatory Services Title IV-E County Legal Services to Foster Care for Children</u>

The purpose of this grant is to provide fair, adequate, and expeditious judicial determinations regarding children eligible for services under subtitle IV-E of the Social Security Act, including the training of county staff in areas necessary for the administration of this portion of the state IV-E plan. The grant revenue earned through the fiscal year was \$ 65,166.

#### **Title IV Child Welfare Service Contract**

The purpose of this grant is to provide financial assistance for foster care maintenance payments, administrative, and training expenses related to foster care and adoption. The grant revenue earned through the fiscal year was \$ 3,124.

#### I. OTHER POST RETIREMENT HEALTH CARE BENEFITS

In addition to pension benefits described in Note K, the County, as required by the Consolidated Omnibus Budget Reconciliation Act (C.O.B.R.A.), provides the option of post-employment health care coverage to all retired and terminated employees less than sixty-five years old with 100% of the premium paid by the employee.

There is no liability to the County associated with post-employment benefits provided unless the County fails to notify the eligible employee of said benefit by mail. Retired and/or terminated employees more than sixty-five years old are eligible for Medicare and do not qualify for benefits under C.O.B.R.A. The premiums collected and paid from ex-employees are accounted for through the Employees Health Benefit Fund.

The County established in January 2003 an Employees Retirees Insurance Fund for health insurance and funded the first year from an internal fund transfer. Employees who meet one of the following are eligible to participate in the retirement health insurance program:

- 1. Must not have already retired from the County nor have already been enrolled or received benefits under this plan.
- 2. Must have four years of continuous employment with the County prior to retirement; and
- 3. Must be covered as an active employee under the County health insurance plan at the time of retirement; and
- 4. The employee must meet one of the following additional criteria:
  - a. Age 59 plus 8 years of County employment, or
  - b. Obtain rule of 75, based on government employment with the State of Texas, a Texas County, or a Texas City of which a minimum of six years of employment must be with the County,
  - c. Twenty years of employment with The County.

Cost to retirees younger than 59 years of age up to the age of 64 is \$100 per-month and cost for dependent coverage is \$200. The retiree's cost at age 65 (silver choice) is 100% less \$ 100 county contribution and 100% cost of coverage. As of September 30, 2003 there are 8 in the group and 5 in the silver choice plan.

# Webb County, Texas Notes to Schedule of Revenues, Expenditures, and Changes to Fund Balance Budget and Actual September 30, 2003

**BUDGETARY INFORMATION -** Operating budgets for the governmental fund types are legally adopted each year for the General Fund, Special Revenues Funds, Debt Service Funds and Capital Projects Funds – major fund on the same modified accrual basis used to reflect actual revenues and expenditures.

Operating budgets are also legally adopted each year for the proprietary funds on the same accrual basis used to reflect actual revenues and expenses.

The adopted budget normally covers all funds existing at the time the annual budget is adopted. However federal grants, state grants and assistance programs included in the Special Revenue Funds and Capital Projects Funds Non-major are budgeted by grant period and project-length financial plans are adopted rather than by fiscal year.

The County follows these procedures set by <u>The Texas Local Government Code</u>, (Code) Chapter 111 "County Budget" in establishing the budgetary data reflected in the financial statements:

The County Judge serves as the Budget Officer for the Commissioners Court (Court) of Each department submits a budget request to the County Judge. The the County. County Judge, with the assistance of the County Auditor, prepares a budget to cover all the proposed expenditures for the succeeding fiscal year. The budget establishes an appropriation for the estimated expenditures to be included in the proposed budget. The County Judge also estimates the revenues available from all sources and to be derived from taxes to be levied and collected to cover the budget. application, very seldom is the proposed budget balanced from the undesignated fund balance. Once the proposed budget is completed and balanced, it is filed with the County Clerk by July 31st for public inspection by any taxpayer. The Court, the governmental body of the County, regarding the proposed budgets, holds public hearings. The Court may increase or decrease the budgeted amounts for the various funds and departments. After final approval of the budget, the Court may spend county funds only in strict compliance with the budget. The Court may levy taxes only in accordance with the budget. The Court is authorized to transfer budgeted amounts between departments or categories during the year; however, public notice must be given when adopting any revisions to the budget. The County Auditor is responsible for monitoring the expenditures of the various funds and departments to prevent expenditures from exceeding line item appropriations.

The County Auditor reports to the Court on a monthly basis to inform on the condition of the various funds, departments and line item accounts. Management has no authority to make changes to the budget without the Court approval. Budgetary controls exist at the expenditures line item and control at the department level. Operating budgeted amounts reflected in the financial statements represent the final budget as amended by the Commissioners' Court. "Personnel General Order" by department and by fund and an "Operational General Order" are adopted by the Court for approving personnel

positions and immediate and non-immediate payments for financial processing procedures for each fiscal year. "Amending the Budget" is a section that specifically directs how to request line item transfers only during the last six months of the fiscal year. The Commissioners' Court is very actively involved in the administration of the operating budgets for the county, and no line item amendments shall be made, except those from state and federal funding sources, without the Court's prior approval.

The Code stipulates that Court may authorize an emergency expenditure as an amendment to the budget only in case of grave public necessity to meet an unusual and unforeseen condition that could not have been included in the original budget through the use of reasonably diligent thought and attention."

| Function/Program                          | Increase<br>(Decrease) |
|-------------------------------------------|------------------------|
| General government                        | 334,788                |
| Public safety                             | (122,863)              |
| Justice system                            | 527,498                |
| Health and human services                 | 923,210                |
| Infrastructure and environmental services | ,                      |
| Corrections and rehabilitation            | 122,921                |
| Community and economic development        | (8,457)                |
| Capital Outlay                            | 37,397                 |
| Transfer Out                              | 300,000                |
| Total Budget Amendments                   | 2,114,494              |

General government had budget amendments to increase general operations for utilities for \$ 185,046, the County Judge's office increase \$ 209,680 for personnel cost and (\$ 63,511) came from building maintenance personnel cost. The capital outlay was a line item transfer funded from building maintenance operations.

Public safety and Corrections and rehabilitation were line item transfers between functions in the sheriff departments for operations from personnel cost.

Health and human services had budget amendments for increased indigent health care expenditures.

Justice system budget amendments were for \$ 323,320 indigent defense for judicial general department due to State's mandates for Senate Bill #7 "Texas Fair Defense Act," and \$ 102,000 for the general operations – administration of justice department for autopsies expenditures. The balance was for increase personnel cost at the District Clerk, County Clerk and the Pre Trial Services departments.

The operating transfer out was to fund the Library Fund for Larga Vista and El Cenizo, Texas for \$ 150,000 per library.

All budget amounts presented in the accompanying supplementary information reflect the original budget and the final budgeted amounts (that have been adjusted for legally authorized revisions of the annual budgets during the year). The County payroll clearing fund requires no budget. The election contract services fund requires no budget according to the election code.

| Governmental Funds                 | Original<br>Adopted<br>Budget | Final<br>Revised<br>Budget |

| Headstart Program as of 08/31/2004 | 9,524,851                     | 9,524,851                  |
| Capital Projects Funds             |                               |                            |
| Interest Income, Series 2001       |                               | 27,577                     |
| Interest Income, Series 2002       |                               |                            |
| Juvenile Youth Village Fund        |                               | 11,082,250                 |
| Other Governmental Funds           | 42,483,668                    | 75,617,369                 |
| Total                              | \$ _110,231,928               | \$ 156,889,052             |
|                                    |                               |                            |

Encumbrances outstanding at year-end do not represent GAAP expenditures or liabilities but represent budgetary accounting controls. All governmental fund budgets are maintained on the modified accrual basis of accounting except that budgetary basis expenditures include purchase orders and contracts (encumbrance) issued for goods and services not received at year-end.

The actual results of operations are presented in accordance with GAAP, and the County's accounting policies do not recognize encumbrances as expenditures until the period in which the goods and services are actually received and a liability is incurred. All encumbrances lapse at the end of year. At year-end all outstanding encumbrances are presented as purchase order commitments.

Grant awards representing state and/or federal funding sources included in the special revenues and capital projects funds are project-period or entity differences. Grant awards are initially approved by the Commissioners' Court for the grants' special terms and conditions for contractual performance. All subsequent budget amendments are approved by the various granting agencies governing bodies during the fiscal year and by the Court. In addition to the agencies' governing bodies and the Court, the Board of District Judges approves amendments for the Community Justice Assistance Division grants for the Adult Probation and Texas Juvenile Probation Commission grants for the Juvenile Probation special revenue funds.

#### NON-MAJOR GOVERNMENTAL FUNDS Special Revenue Funds

#### WEBB COUNTY FUNDS

## WEBB COUNTY CLERK ARCHIVE FUND

These revenues are in compliance to state law to providing a copy in a format other than paper of a record maintained by County Clerk.

### WEBB COUNTY HOTEL/MOTEL OCCUPANCY TAX FUND

This fund accounts for revenues received from the levy of hotel/motel occupancy taxes. The revenues have been designated for recreational and tourist promotional activities.

## WEBB COUNTY RECORDS MANAGEMENT AND PRESERVATION

These revenues are collected by Webb County in compliance with state law to cover records management & preservation cost for Webb County.

# WEBB COUNTY CLERK RECORDS MANAGEMENT AND PRESERVATION

These revenues are collected by Webb County in compliance with state law to cover records management & preservation cost for the Webb County Clerk.

#### **ROAD AND BRIDGE FUND**

The Road and Bridge Fund is a constitutional fund established to account for resources restricted for constructing and maintaining roads and bridges. The County is divided into four precincts. A consolidated budget is provided for all precincts and is administered by the Road and Bridge Superintendent.

# WEBB COUNTY TAX ASSESSOR VEHICLE INVENTORY TAX

These revenues are earned by the department in compliance with state law to defray the cost of vehicle inventory operations.

## JUSTICE COURT TECHNOLOGY FUND

These revenues are earned by the County Justice of the Peace departments in compliance with state law to purchase technological enhancements for Justice of the Peace Courts.

### **ELECTION CONTRACT SERVICE FUND**

These revenues are earned by the election department from contracting with governmental entities to administer their elections.

#### **WEBB COUNTY FUNDS - continued**

#### WEBB COUNTY CRT RESIDENTIAL TREATMENT CENTER

The revenues represent basic rent payment from the Webb County Restitution/Court Residential Treatment Center and provide for the payments of principal and interest for Certificates of Participation, Series 1997.
